

26TH ANNUAL HANK STRAM-TONY
ZALE SPORTS AWARD BANQUET**HON. PETER J. VISCLOSKY**

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. VISCLOSKY. Mr. Speaker, it is my distinct pleasure to announce that the Silver Bell Club, Lodge 2365 of the Polish National Alliance of the United States, will be hosting the 26th Annual Hank Stram-Tony Zale Sports Award Banquet on May 17, 1999, at the Radisson Hotel in Merrillville, Indiana. Twenty outstanding Northwest Indiana High School athletes will be honored at this notable event for their dedication and hard work. These outstanding students were chosen to receive the award by their respective schools on the basis of academic and athletic achievement. All proceeds from this event will go toward a scholarship fund to be awarded to local students.

This year's Hank Stram-Tony Zale Award recipients include: Tiffany Crawford of Chesterton High School; Analisa Dziedzicko of Valparaiso High School; Dana Gombus of Merrillville High School; Laura Jelski of Highland High School; Kevin Krajewski of Crown Point High School; Matt Kubiak of Wheeler High School; Andrius Malinauskas of Hammond High School; Mike McGinley of Lake Station High School; Troy Mezera of River Forest High School; Karen Saliga of Hammond Clark High School; Mary Samreta of Hobart High School; Todd Smolinski of Lake Central High School; Jeremy Stockwell of Andean High School; Christopher Trojnar of Bishop Noll High School; Justin Valentine of Lowell High School; David Verta of Whiting High School; Joshua Wyant of Boone Grove High School; Robert Yamtich of Munster High School; Laura Zagrocki of Griffith High School; and Jeff Zeha of Portage High School.

The featured speaker at this gala event will be Mr. Paul Hornung. Mr. Hornung is a former football player from Notre Dame University and is known as the original "Golden Boy." He received the Heisman Trophy in 1956 and is a former NFL player for the Green Bay Packers. He was a star player for the Packers in a variety of positions for many years.

Hank Stram, one of the most successful coaches in professional football history, will also be in attendance at this memorable event. Hank was raised in Gary, Indiana, and graduated from Lew Wallace High School where he played football, basketball, baseball, and ran track. While attending college at Purdue University in West Lafayette, Hank won four letters in baseball and three letters in football. During his senior year he received the Big Ten Medal, which is awarded to the conference athlete who best combines athletic and academic success. After college Hank entered the NFL, where he became best noted for coaching the Kansas City Chiefs to a Super Bowl victory in 1970.

Mr. Speaker, I ask you and my distinguished colleagues to join me in commending the Silver Bell Club, Lodge 2365 of the Polish National Alliance of the United States, for hosting this celebration of success in sports and academics. The effort of all those involved in planning this worthwhile event is indicative of their devotion to the very gifted young people in Indiana's First Congressional District.

CONGRATULATING NORTHWEST
BERGEN CENTRAL DISPATCH ON
ACCREDITATION**HON. MARGE ROUKEMA**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mrs. ROUKEMA. Mr. Speaker, I rise to congratulate the Northwest Bergen Central Dispatch center on becoming the first public safety communications facility in the nation to receive the prestigious new Certificate of Public Safety Communications Accreditation from the Commission on Accreditation for Law Enforcement Agencies. This accreditation is national recognition of the highly professional standards employed at NBCD. The fact that it is the first facility in the nation to receive this rating is a special honor for this team of life-saving public safety professionals.

Police, fire and ambulance services—with the life-saving assistance they bring—are an essential part of our daily lives. And when those services are needed, they are always needed immediately. That is why it is vitally important that public safety agencies have communications facilities that are efficient and reliable. When a citizen makes a 911 call in an emergency, that call absolutely must go through, be answered and be responded to appropriately—with exceptions or excuses. With a facility like NBCD, residents of northwestern Bergen County can rest assured that will be the case.

Established in 1994, NBCD provides 911 and general public safety communications services for the municipalities of Ridgewood, Glen Rock, Franklin Lakes, Ramsey and Oakland in Bergen County, New Jersey. The communications center is located in Ridgewood and features a computer-aided dispatch system, touch-screen radios and an enhanced 911 system. Laptop computers are being installed in police, fire and ambulance vehicles to better link them with dispatchers. The nine full-time and 15 part-time employees work in a modern, four-position communications room. Administrative offices, training and meeting areas, equipment rooms and support facilities complete the center. The entire facility is equipped with emergency electrical generators to keep it operating in the event of power failure. The center currently handles more than 125,000 telephone calls annually. It was designed with expansion in mind and could be enlarged to handle additional services or municipalities.

The goal of accreditation is to improve the delivery of public safety services, to improve the communications services that assist public safety officers, and to offer standards by which organizations' effectiveness and efficiency can be objectively reviewed and improved. To receive accreditation, NBCD had to comply with more than 200 standards set by the commission. A team of commission officials visited the site to verify compliance. In the team's report, officials said, "Northwest Bergen Central Dispatch has set the benchmark by which communications centers across the United States * * * must now be measured."

Special recognition is in order for NBCD Manager Robert Greenlaw and his dispatchers for their dedication and hard work. Public safety dispatchers are the public's first contact with the police, fire department or ambulance serv-

ice in time of emergency. They must possess the ability to remain calm and reassuring while rapidly evaluating the situation and directing help.

Police officers, firefighters and ambulance workers are justifiably known to and given credit by the public. But almost every emergency call begins with a 911 call to a communications dispatch center. Without these hard-working, highly trained and dedicated men and women, our streets would not be as safe as they are today. I ask my colleagues in the House of Representatives to join me in congratulating Northwestern Bergen Central Dispatch on achieving this accreditation, and on the hard work it took to meet the standards involved.

RECOGNIZING KIM PEEK

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to recognize Kim Peek. Kim was the inspiration for screen writer Barry Morrow's 1988 Oscar-winning movie "Rain Man." Though the movie plot is not about Kim's life, Kim was the original inspiration for the title character.

Kim is a unique person. He was diagnosed as a megasavant born with fetal brain damage which affected his motor sensors. Kim is termed a megasavant because of his knowledge of remarkably diverse subject information and total recall capabilities of almost everything he has read since he was three-years old.

Since March of 1989, when the movie "Rain Man" received four Oscars, Kim and his father Fran have traveled throughout the United States taking their message to those who will listen. Kim's message is "Learn to recognize and respect differences in others, and treat them as you would like them to treat you. This will help give us the kind of world we hope for. Share, care, be your best!"

Kim has been featured on numerous television stations nationwide and in more than 430 newspaper articles. He has been on ABC's 20/20 and on Good Morning America. His story has been broadcast in nearly every state in the United States, as well as South Africa, Australia, England, and Japan.

Mr. Speaker, I rise today to recognize Kim Peek for his uniqueness, and for his contribution to society. I urge my colleagues to join me in wishing Kim and his father many more years of continued success.

TRIBUTE TO DOROTHY AND OZZIE
GOREN AND THEIR FAMILY**HON. BRAD SHERMAN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. SHERMAN. Mr. Speaker, I rise today to pay tribute to Dorothy and Ozzie Goren and their family for their outstanding contributions to the Jewish community and the community at large for many decades.

The Talmud states that "He who does charity and justice is as if he had filled the whole

world with kindness." The Jewish Family Service has recognized the Goren family for their exceptional commitment others that has done much to improve the quality of life in our community. Their philanthropy sets an example for us all.

Dorothy's dedication to the Jewish Federation began on a mission in 1962. Since then, she has served as chair of the Women's Division Campaign, president of the Western Region, and was the first woman to chair the UJF campaign. She has also served as a past president of the Jewish Federation and continues her service as an active board member on all key committees.

Ozzie has also been very committed to the Jewish community. In addition to serving as president of the Jewish Federation, he has also chaired the UJF campaign. His dedication surpasses the Jewish community with his efforts on issues such as human relations and civil rights.

Both Dorothy and Ozzie have passed these values on to their children. Jerry and Julia are helping to reform the criminal justice system and education. Carol and her husband, Ron Corn, volunteer their time in an array of organizations in the Denver community. Bruce and his wife, Susie, are volunteers in the Los Angeles Community.

Mr. Speaker, distinguished colleagues, please join me in honoring Dorothy and Ozzie Goren and their family. They are true role models for the citizens of Los Angeles.

IN HONOR OF THE GREEK AMERICAN HOME OWNERS ASSOCIATION

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Ms. MALONEY of New York. Mr. Speaker, I rise today to pay tribute to the Greek American Home Owners Association on the occasion of the organization's dinner dance.

I rise to bring to the attention of my colleagues an outstanding organization, the Greek American Home Owners. This organization was established 21 years ago to help the homeowners in the area. Its members include new homeowners and multi-dwelling owners.

The organization has consistently striven to meet the needs of the community. Monthly guests speakers from the city, state and federal governments speak on relevant issues. I have enjoyed being one of their speakers. The issues that are discussed relate to the fundamental needs of the community, rents, water meters, citizenship, and more. The meetings are open to the community and not restricted to members only.

Annually they serve over 500 people at the annual Thanksgiving Dinner. They also send out 225 dinners to those who are unable to attend and give 85 turkeys to needy families.

All of these activities are housed in the Greek American Home Owners building located at 23-49 31st Street in Astoria, Queens. The purchase of this building required many monetary contributions and a great deal of work.

On March 20, 1999, the organization wishes to honor the individuals who placed the first

bricks of that building: Athanasios Alafogiannis, George Alexandrakos, George Alexiou, John Alexiou, William Boutsalis, Athena Bubaris, Triantafilos Goufopoulos, George Katsigianis, James Korakis, Nick Karamatzanis, Dimitrios Karvelis, Irene Ladas, Steve Lagoudis, James Langas, John Lymberis, Kyriakos Michaelides, Nick Michaltos, Aristidis Markos, John Millas, George Moustakos, Demetrios Politis, Theodoros Panagiotakopoulos, Tom Papachristos, Panagiotis Pliakas, George Poulakas, Stavros Pyrovolikos, Dino Rallis, James Spahidakis, Pete Stathatos, George Stavroulakis, Dennis Syntilas, Marina Tsokanos, Antonios Vasilopoulos and Nikitas Vlachos.

Mr. Speaker, I ask that my colleagues rise with me in this tribute to the Greek American Home Owners Association and to all of these founders who established the Greek American Home Owners Association.

NASA GODDARD SPACE FLIGHT CENTER—40 YEARS OF EXCELLENCE

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. HOYER. Mr. Speaker, I rise today to honor Goddard Space Flight Center on its 40th anniversary. Established in 1959, Goddard has played a vital role in furthering the goals of our space program. Whether in the field of Earth science, space or space communication, Goddard is a leader in furthering our knowledge and understanding of the last frontier.

Named after Dr. Robert H. Goddard, a pioneer in rocket research, the center employs some of the world's most renowned scientists and engineers. Located on 1,270 acres in Greenbelt, Maryland, Goddard is a major employer in Prince George's County with almost 12,000 civilian and contractor employees.

Through the years, Goddard has been a leader in many of NASA's most successful programs. Beginning in 1959 as the project manager for Explorer VI, Goddard's scientists beamed down the first images of the Earth for the world to see. Since that historic mission, Goddard has gone on to lead projects like studying aspects of the Earth's environment through the Earth Science Enterprise. By linking together the data of various satellites, the program has been able to monitor land-surface, biosphere, atmosphere and oceans. Joint projects like the Total Ozone Mapping Spectrometer, coordinated with the National Oceanic and Atmospheric Administration, are providing important information on the expanse of the Antarctic ozone hole. And Goddard is working with Japanese scientists from the Japanese National Space Developmental Agency to measure tropical and subtropical rainfall through the Tropical Rainfall Measuring Mission. Goddard is also home to the Space Telescope Operations Control Center, the command center for the Hubble Space Telescope. Not only did Goddard project managers and engineers play a major role in designing the telescope, but they continue to provide expertise in serving Hubble and providing round-the-clock monitoring of the telescope's images and data.

I am proud to have played a role in working with the Maryland congressional delegation and members of the Goddard community in saving the center from closure in 1996. The work that Goddard personnel perform benefits every American and nations around the globe. I look forward to continuing to work with the Goddard community to promote and protect its vital interests and the region's space and technology industries.

Goddard's forty-first year of operation is certain to produce new and exciting advances in space and earth science. Several launches of Goddard programs are planned this year. The GOES-L meteorological satellite will allow meteorologists to improve local forecasts while the FUSE satellite, in collaboration with Johns Hopkins University, will explore the Universe through high-resolution spectroscopy.

I congratulate Goddard Space Flight Center on its leadership not only in space technology and science, but as a leader in the community as well. Whether through educational programs to area schools and universities or through outreach to Goddard's contracting community through the Goddard Alliance, Goddard is an incredible asset to Maryland, our Nation, and world-wide.

Congratulations on forty years of excellence and best wishes for the future.

HONORING WILLIAM GOLTZ

HON. JOSEPH M. HOFFEL

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. HOFFEL. Mr. Speaker, I am here to recognize and honor Scout William Goltz of North Wales, PA. He is the recipient of the 1999 Boy Scout Heroism Award. This award recognizes a Scout for showing skill and heroism for saving or attempting to save a life.

Last year, Scout William Goltz was the first at the scene where a man had a heart attack. Without hesitation he began CPR, which he performed tirelessly until paramedics arrived. CPR continued in the ambulance. In spite of Scout Goltz's efforts, the man later died. William instinctively took charge of the situation and followed his training, but the damage to the stranger's heart was too severe. It should be noted that Scout Goltz was 15 at the time.

I am proud to recognize Mr. William Goltz.

REPORT FROM PENNSYLVANIA— TRIBUTE TO MARGUERITE TREMAINE

HON. PATRICK J. TOOMEY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 11, 1999

Mr. TOOMEY. Mr. Speaker, today I would like to share my Report from Pennsylvania with my colleagues and the American people. Today, I would like to highlight the lifelong efforts of a remarkable woman.

On June 4th of this year, Marguerite Tremaine of Hellertown, PA, will turn 100 years old. In reaching her centennial birthday, she has made so many rich contributions to others along the way.

Just like so many of us, her family is her most cherished gift. She'll often boast about
